MADICO®

The Clear Choice for Decorative Film

Create Endless Possibilities With Printable Films

Create beautiful, full color photo murals and patterns on any glass surface, adding color and excitement to otherwise plain interiors. Visually soften an entryway, dress up a retail window display, add privacy to office work spaces and more. Printable films go a step beyond pre-printed decorative films because you are not limited by what is available; you are only limited by your imagination.

Printable films from Madico are optically clear and available in permanent or removable adhesive types. Select films also block UV rays and offer a scratch-resistant coating for use in higher traffic areas.

Printable Films are available in 5 combinations

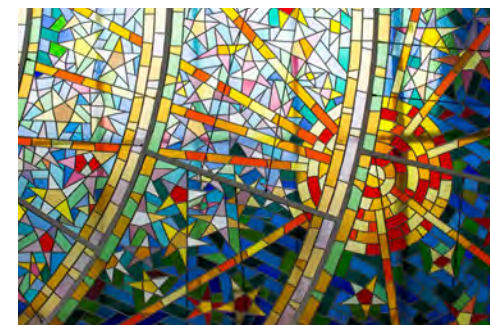

Film	Adhesive Type	UV Blocking	Scratch Resistant Coating	UV Curable	Roll Size	Thickness	Application
