

Safe-Gard®

Face Shield by Madico

Madico's Safe-Gard® Face Shield is a single user, multi-use protective shield with universal fit and can be used for many different personal protective applications for first responders including police, firefighters, nurses, and doctors. Face shields protect against splashes during medical procedures while providing complete peripheral vision. Safe-Gard Face Shields can be used to extend the life of N95 face masks. The face shields measure 9.5" tall x 28" around (including headband). The face shields for medical purposes are latex free and include a comfortable water-resistant closed-cell foam front with adjustable head fasteners to ensure a good seal. Full ANSI certified splash shield against droplet hazards through laboratory testing.

Material Construction:

- Product thickness:..... 13 mil
 - Polymeric substrate: Polyester
- All thicknesses are based on nominal data.*

Chemical Resistance of Face Shields:*

- Water Excellent
- Mild acids Excellent
- Salts and alkaline Excellent
- Petroleum-based grease..... Excellent
- Oils Excellent
- Solvents Excellent
- Water-based mild detergents/hot water Excellent

* Properties with scratch-resistant coating

Applications:

- Doctors and nurses
- Hospitals
- EMT's and other first responders
- Hospitality industry
- Industrial applications
- Ophthalmologist and optometrist offices
- Dental clinics
