

Sunscape Residential 10-Year Extended Glass & Seal Warranty

(United States and Canada only)

Congratulations on your purchase of Sunscape Designer Window Film!

In addition to the standard residential warranty, you can elect to purchase extended coverage against glass breakage and seal failure. Some manufacturers of residential windows void their warranties for glass breakage and seal failure if solar control film is applied. Therefore Madico offers the option of added protection for those who have Sunscape solar control film professionally installed on their glass windows and/or doors.

In consideration of the additional premium paid, Madico, Inc. hereafter referred to as Madico agrees to match the terms and conditions for the remainder of the currently existing manufacturer's glass warranty up to a period of ten (10) years from window purchase date on the residential windows listed on this certificate only.

This warranty is valid only to the purchaser listed on this certificate and is non-transferable. It is subject to all limitations and exclusions as specified in the Sunscape warranty. The installation must be an approved product application completed by a dealer authorized by Madico in accordance with proper installation techniques.

The cost of this optional warranty shall be \$1.00 USD per square foot of installed film. Payment for this warranty must be submitted with this form within 30 days of installation. Payment must be in the form of a check made payable to Madico, Inc.

Homeowner - In the event a claim is necessary, inspection of affected window units must be completed by Madico or a representative assigned by Madico prior to replacement of the units. Once inspection is completed, written approval will be given to have replacement windows or glass panes installed at Madico's cost (not to exceed \$750.00 USD per unit). The customer will present two estimates for replacement. The replacement window should be the same or relatively similar type of windows that were originally present, unless the applicable building code requires a substantially different type of window, in which case Madico will cover the replacement units up to \$750.00 per unit.
